

ROTARY ENGINEERING PTE LTD

MEDIA RELEASE

Rotary Engineering secures first contract in Myanmar and raised the Group's contract win to about S\$300 million

- **Rotary wins its first EPC project in Myanmar and strengthens its presence in the Mekong Delta region**
- **Unwavering traction in Singapore, Thailand and Middle East with numerous ongoing EPC projects from oil majors and specialty petrochemical companies**
- **Contract win year-to-date of about S\$300 million**

SINGAPORE, 16 Oct 2018 - **Rotary Engineering Pte Ltd** and its subsidiaries ("**Rotary**" or the "**Group**"), a leading regional oil & gas Engineering, Procurement, Construction ("**EPC**") and maintenance services value chain provider, is pleased to announce that it has secured an EPC contract from a leading local oil trading company. This project marks the first foray into Myanmar by Rotary and is expected to be completed by 2nd Quarter 2020.

Rotary's scope of work includes constructing a new tank farm with 8 storage tank facility for storage of petroleum products. This project will play a pivotal role in meeting Myanmar's growing domestic demand for energy, as well as expanding on its export capacity. Rotary is privileged to expand Singapore's footprint onto Myanmar's oil and gas sector and continues to showcase its versatility in market entry, made possible with its reputation and solid track record of efficiency, quality and safety in projects.

Commenting on the contract win, **Mr Roger Chia Kim Piow, Chairman and Managing Director of Rotary** said, **“We are proud and honored to be awarded our first project in Myanmar. This reflects customers’ confidence as well as Rotary’s growing presence in the Mekong Delta region.”**

As of this announcement, the Group has secured contracts worth about S\$300 million.
